Hit vs. Flop Ratio

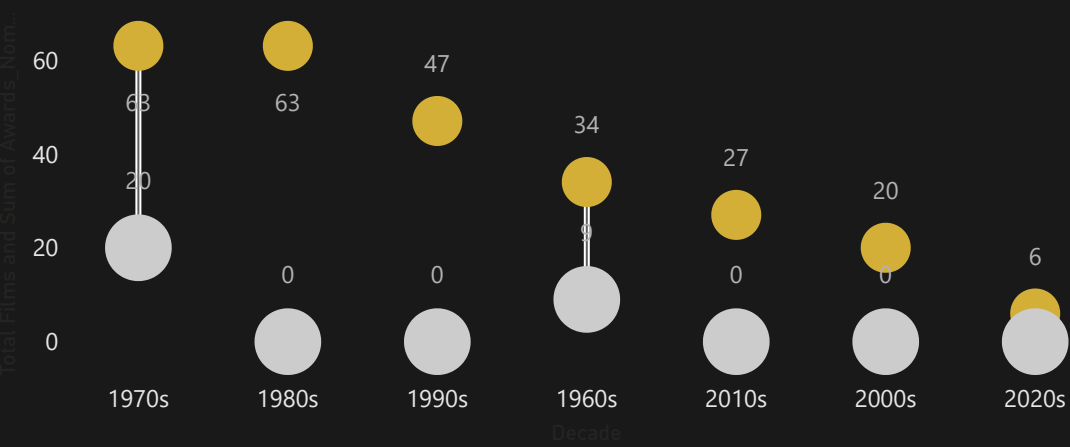

Out of 260+ films, only a fraction achieved 'Blockbuster' status. This shows the rigorous filter of box office success.

The Cult Classics

The dots in the top-left are his 'Cult Classics'—movies that opened low but became legends through word-of-mouth.

Box Office vs. Trophies

"The massive gap between his film count (Gold) and awards (Grey) proves he was the people's hero, not the jury's favorite.

Genre Dominance

While 'Action' gave him volume, 'Romance' often gave him a higher success rate. A true all-rounder.
